

Regulation 20A: Requirement as to display of performance assessments

We've also published more [detailed guidance on the requirement to display ratings](#), which includes details about how to use our widget and download posters from our site.

Health and Social Care Act 2008 (Regulated Activities) Regulations 2014: Regulation 20A

This regulation will apply to all providers when they have received a CQC performance assessment for their regulated activities. Providers must ensure that their rating(s) are displayed conspicuously and legibly at each location delivering a regulated service and on their website (if they have one).

The regulation outlines the information that must be included. CQC has developed posters for providers and digital products to use on websites. Using these will help providers to make sure that they display all the information required under this regulation.

CQC can prosecute for a breach of this regulation or a breach of part of the regulation and can move directly to prosecution without first serving a warning notice. Additionally, CQC may also take other regulatory action. See the [offences section](#) for more detail.

CQC must refuse registration if providers cannot satisfy us that they can and will continue to comply with this regulation.
